

FOR IMMEDIATE RELEASE

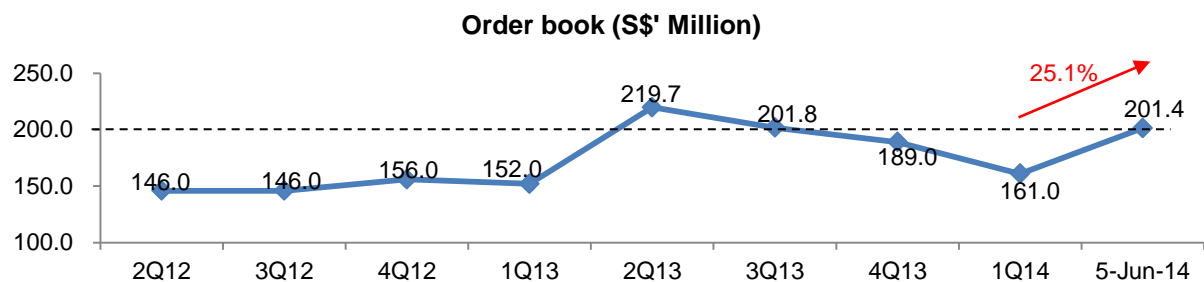

Ley Choon bags S\$58.7 million water/sewer-related contracts in a month with latest contract wins

- Order book surpasses S\$200 million-dollar mark
- New contracts amounting to S\$20.4 million involve the supply and laying of water pipes/mains for the PUB
- Group expects to sustain order momentum from diverse project types and customers

Singapore, 9 June 2014 – SGX Mainboard-listed Ley Choon Group Holdings Limited (立堉集团控股有限公司) (“Ley Choon” or the “Group”), a leading one-stop service provider for underground utilities construction and road works, has been awarded six contracts with a combined value of S\$20.4 million from the Singapore Public Utilities Board (“PUB”).

These new orders came hot on the heels of the S\$38.2 million sewer pipe rehabilitation contract secured in Sri Lanka on 3 June 2014, boosting the Group’s new orders from the water/sewer segment to S\$58.7 million in a month and total outstanding order book to S\$201.4 million.

Chart One: Order book back to above S\$200 million-dollar mark

Mr Toh Choo Huat (卓沭機), Executive Chairman and CEO of Ley Choon, commented **“Our order book grew sharply in recent months, rising 25.1% over the previous quarter. Thanks to our unique trenchless micro tunneling technology which enables us to serve diverse project types and customers.**

The Group has not only expanded its underground infrastructure construction services to include cable/gas pipe laying, but has also grown its footprint in overseas countries such as Brunei, China and Sri Lanka.”

The new contracts, secured by the Group’s wholly-owned subsidiaries including Ley Choon Constructions and Engineering Pte Ltd, Teacy (S) Pte Ltd and Chin Kuan Engineering and

Contractors Pte Ltd, are for the supply, laying, repair and maintenance of water pipes/mains at various locations in Singapore for the PUB from 2014 till 2016.

About Ley Choon Group Holdings Limited

Ley Choon Group Holdings Limited (“Ley Choon” or the “Group”) is an established one-stop underground utilities infrastructure construction and road works service provider. Since our inception as Ley Choon Constructions and Engineering Pte Ltd in 1990, we have grown our spectrum of services to encompass:

- I) Underground utilities infrastructure construction and maintenance services, which include water pipes, NEWater pipes, high-pressure gas pipes, high-voltage power cables, fibre optic cables and sewer pipeline rehabilitation;
- II) Road and airfield construction and maintenance services;
- III) Manufacture of asphalt premix, which is an essential raw material required for the construction and maintenance of road and airfield and road resurfacing, and recycling of construction waste.

As a one-stop underground utilities infrastructure construction service provider, our core strengths reside with our technical expertise in underground utilities infrastructure and the in-house supply of asphalt premix and recycled aggregates as raw material.

Ley Choon is one of the only three asphalt plant operators in Singapore, operating two asphalt premix plants with a combined production capacity of 575 tons per hour. Our new asphalt premix plant with the built-in recycling feature is Singapore’s largest plant in terms of production capacity at 400 tons per hour.

We are a L6-registered contractor (the highest grade) in the categories of cable/pipe-laying and road reinstatement, pipes and A2-registered contractor in the category of civil engineering (CW02) with the BCA. Our customers include the Singapore government agencies such as Public Utilities Board, Land Transport Authority, Housing and Development Board, Urban Redevelopment Authority, Building and Construction Authority, Jurong Town Corporation and reputable companies.

Leveraging on our expertise, the Group has been expanding overseas, e.g. undertaking civil engineering projects and constructing water treatment plant and vehicle flyover, etc. in Brunei since 2011. The Group is also setting up its first plant in China, engaging in the construction waste recycling and the development, production and sale of eco-green construction materials.

Headquartered in Singapore with total staff strength of over 1,400, we build technology capabilities by investing in people and process and system optimization, such as the application of Enterprise Resource Planning system and off-site CCTV monitoring system.

As a testament to our technology advantage and service quality, Ley Choon has been accredited with ISO9001, ISO14001 and OHSAS 18001 and awarded the “Enterprise 50 Award” in 2010.

Ley Choon was listed on the Mainboard of SGX-ST in August 2012 via a reverse takeover of Ultro Technologies Limited.
